

Maxi-Cosi EasyBase (for attachment with 3-point belt)

Excellent test results with extra support leg.

Maxi-Cosi CabrioFix simple to install on base using click system.

Adjustable support leg.

Colour indicators show whether the support leg is the right length.

- Excellent test results (in combination with Maxi-Cosi CabrioFix)
- Minimum chance of incorrect installation
- Colour indicators show clearly and immediately whether installation is right or wrong
- Maxi-Cosi CabrioFix simple to install on base using click system
- Maxi-Cosi CabrioFix in combination with EasyBase is installed with a 3-point belt
- Before installation always check the car type list on www.maxi-cosi.com

The Maxi-Cosi (without EasyBase) must always be fitted in a rearward facing position (in the opposite direction to the traffic flow) using a standard 3-point seat belt. NEVER place the Maxi-Cosi on a front seat if an airbag is fitted.
